CIVIC LEAGUE AFTER REFORMS

Would Have Fire and Police Departments Out of Politics.

ACADEMY COMMENCEMENT.

High School Closing Exercises in Opera House June 1—Meeting of City Board of Education.

Ogden, Utah, May 26.—The Civic Improvement league held another meeting last evening, transacting a large amount of business for the benefit and advancement of Ogden City.

A committee consisting of J. C. Nye, F. M. Briggs, and J. M. Forrester was appointed as a mediator between the Ogden water works company and the city council to endeavor to effect a settlement of the controversy that has been going on between the two for years.

A resolution was passed setting forth that the league as a whole favors the taking of the police and fire departments out of politics, and of the placing of these two departments of the city's government in the civil service examinations as soon as possible, and pledging to use the influence of the league to that end.

Another resolution was passed to the effect that the fire chief be called upon to regularly examine cellars of business houses, and the center of business blocks to see that the same are kept clean from any inflammable matter.

A committee consisting of J. S. Lewis and W. B. Wedell was appointed to meet with the police and fire departments, and urge the appointment of two mounted policemen to patrol the city and look after all stray cattle, etc.

The membership committee reported having signed up over 100 members during the past week, and hope to be able to sign up at least 100 more the coming week.

A resolution was passed setting apart next Monday, May 28, as cemetery day, and the owners of lots in either of the cemeteries are urged to attend to clearing up their lot that day or before Wednesday (Decoration day), so that the city of the dead may put on a better appearance in the future.

BOARD OF EDUCATION.

Ogden, May 26.—At the regular meeting of the board of education last evening the following business was transacted.

The dates for the holding of the examinations of city school teachers was set for June 11, 12 and 13, also August 29, 30, and 31. Principal D. H. Adams of the Madison school and Joel J. Harris of the Grant school were appointed to assist Supt. Allison in conducting the examinations.

The board appropriated \$50 to cover the expense of the grammar grade graduating class exercises, which are to be held next Friday afternoon at Glenwood Park.

The superintendent reported that there will be about 50 graduates from the High school in all departments, and 200 from the grades.

Applications were received and ordered filed from 23 teachers.

Rev. J. E. Carver extended an invitation to the board to hold a service at the Presbyterian church on Sunday evening, when he will deliver an address to the graduates.

Miss Maud May Babcock. There were present 23 guests who spend a most delightful evening. Prof. F. M. Briggs, superintendent of the institution, was toastmaster, which position he filled admirably and the following toasts were given:

"Our School," Rev. P. A. Simpkins.
"Our Board," Miss Cox.
"Our Former President," Prof. Bush.
"Our Honored Guest," Miss Frances Eddy.

Responses were made by Miss Babcock and John Watson.

The parlors were tastefully decorated for the occasion with cut flowers and ferns.

DAMAGE SUITS COMING.

Preliminary steps to the commencement of a large damage suit against the Southern Pacific company were taken by Mrs. Georgia Zimmerman, who has filed petition in the Second district court, praying for her appointment as administratrix of the estate of her deceased husband, who was killed a week ago in the locomotive explosion at Cedar.

The estate consists of personal property valued at \$500, real estate valued at \$500, and a claim for damages against the railroad company for the death of her husband.

A similar petition was filed by Mrs. Warren C. Steiger, whose husband was killed and then cremated several months ago on the Union Pacific.

A. C. RAND CONCEIT.

The band concert given last evening at the Ogden Tabernacle by the Agricultural college band, assisted by Mark Brown and the College Glee club, was a thorough success, enjoyed by a large and appreciative audience.

Prof. G. W. Thatcher and the college can will be proud of its band, which for a band of 50 instruments is a most excellent organization.

Some very sweet and difficult music, which called forth rounds of applause, and the audience insisted on an encore from Mark Brown and the band. The proceeds from the concert will go to the Weber Stake academy building fund.

BRIEFS AND PERSONALS.

Prof. Thomas E. McKay of the Agricultural college is in Ogden visiting with relatives and friends.

Former Supt. G. W. McCune of the Second ward Salt Lake school was given a joyous surprise party Thursday evening at the ward hall by the officers and teachers of the school, who spent a pleasant evening in speech making, music, dancing and feasting.

George W. Larkin and wife and James Clarke and wife will leave this evening on the Los Angeles limited for Boston where they will sail, June 1, on the steamship Arabic for England to spend the summer pleasuring.

NEW RURAL DELIVERY REGULATIONS.

Postmaster Cleave has received the following instructions from the department relating to the free rural delivery service:

1—On and after July 1, 1906, patrons of the rural delivery service will be required to display signals on their boxes when they leave mail in them for carriers to collect, as after that date carriers, when serving their routes, will not be required to open and examine any mail boxes except those to which they have mail to deliver and those on which signals are displayed to indicate there is mail for carriers to collect.

2—Those patrons whose boxes are not provided with signals must attach thereto some device, when displayed, will plainly show passing carriers there is mail to be collected. It is not necessary that such device shall be either complicated or costly; a very simple arrangement will answer the purpose.

3—Carriers must lower the signals on boxes after making collections, provided no mail is left therein; and must display the signals when they deposit mail for patrons, unless the patrons have made request to the contrary.

TROUBLE FOR SHEPHERDS.

Forest Reserve Supervisor Benedict, who is located in this city, learned a few days ago that Austin Bros. of Salt Lake had been trespassing on the Uinta forest reserve with their sheep, and the case was reported to the department in Washington. He was instructed to notify Austin Bros. to have the sheep removed, to assess damages against them from \$50 to \$250.

with jumping ball furnished by a bonding company and by a friend, Martin Eagle of New York. Leavitt, it was alleged, had left New York after being arrested, charged with fraudulent transactions in connection with the purchase of automobiles. The officers put out in a rowboat. According to the deputies Leavitt drew a revolver and fired a shot which struck the row boat and the officers returned to shore. Leavitt claims an attempt is being made to kidnap him, and he says he intends to remain on board his launch indefinitely, or put out to sea if the New York officers decide to pursue him again.

MRS. DORA MONTEFIORE.

English Suffragist Leader Holds Fort Against Tax Collector.

London, May 25.—Mrs. Dora Montefiore, the woman suffragist leader, who is now in the United States, is being represented by her friends in her home at Hammersmith May 24 against the tax collector and sheriff's officers tonight still "holding the fort." During the day she appeared at an upper window and declaimed in favor of woman suffrage to the crowd which had gathered to watch the siege.

SAN FRANCISCO WILL HAVE TWO TENT THEATERS

San Francisco, May 25.—San Francisco, May 25.—San Francisco will have two theaters under canvas by the middle of next month. A company has secured the immense tent, owned by Sarah Bernhardt in her Texas tour. It will afford seats for 7,000 and will be put up on the site of the old Central Theater at Eighth and Market streets.

LOCOMOTIVE DYNAMITED.

Tulsa, I. T., May 25.—The locomotive belonging to the Continental Coal company was blown into fragments this afternoon by dynamite, presumably placed on the track by property owners adjoining the railway tracks who are opposed to its operation. The mines of the company are located about two miles from Tulsa, and are connected with the town by a single track of railway. Owners of property which is crossed by the track opposed its building and there has been much dissatisfaction over it ever since.

This afternoon as the locomotive belonging to the coal company was going out to the mines, it was blown to pieces by a terrific explosion of dynamite which had been placed on the track and which was exploded by the wheels of the engine. Although the engine was blown to fragments, the crew was not injured. F. W. Kasser, cashier of the First National bank of Tulsa, has been placed under arrest under a charge of having participated in the attack. He is one of the owners of property which is crossed by the line of track. Other arrests are expected to follow shortly. There is great excitement here and more trouble is expected. The people are all arming themselves.

EVENTS IN GUAM.

Laying of Cable to Yokohama Arouses Much Interest.

Agaña, Guam, April 18, via San Francisco, May 26.—The event of greatest interest to Guam during the past few weeks has been the laying of the cable between this place and Yokohama via the Bonin Islands. The cable ship Urinstein Grange arrived from Singapore on March 19, landed the shore end on the 22nd, and sailed on the 23rd. On Monday, the 9th of April, the cable instruments were set up in the Bonin Islands, and the first message sent through to Guam. This was a message from Mr. Merryweather Dodd to the officers of the Supply, announcing the success of the undertaking. It is expected that the connection to Yokohama will be completed by the end of the present week. This will make Guam the most important cable station in the Pacific Ocean, being the central point of four cables.

The Logan arrived on the morning of March 22nd, enroute for the Philippines, but had to be quarantined because of measles and mumps aboard. Among those who left by the transport were Mr. H. M. Middleton, foreman machinist of yards and docks, and Theodore Salas, formerly foreman of labor in that department. The last named had sufficiently recovered from the recent explosion of dynamite to be able to travel to his home in the United States, though he lost both eyes.

The marine post at this station is to be increased by 100 men, a large number being en route by the transport Thomas, to arrive on the 11th. The presidio at Agaña is being arranged for their temporary reception. Target practice will take place there during the next two months.

An order has just been issued by the naval governor segregating sufferers from gangosa which will go into effect on the 15th inst. The colony has been established on the shores of Tumon bay, to be known as the Tpaio colony, which will accommodate at present 150 people. Necessarily such a measure touching as it does nearly every family in the island, arouses considerable feeling, though, characteristically, no open opposition. A most stringent search is also being made for lepers, who under the Spanish regime were double the present number.

WRECK ON N. Y. CENTRAL.

Albany, N. Y., May 26.—Train No. 34, a through express on the New York Central railroad, was wrecked just east of Hoffmans early today. The locomotive and two cars containing mail and express matter left the rails, the engine plunging across the two intervening tracks and toppling over on the westbound track No. 4. No one was seriously injured.

The express was made up of a locomotive, seven express cars, two horse cars and three empty drawingroom cars, and carried no passengers. It was wrecked about 12:30 o'clock. The four tracks were strewn with wreckage and passenger train No. 35 which followed the mail train was held up several hours. Later trains over the Mohawk division were transferred by detour to the West Shore tracks.
